

Dear Partner,

From 1.12.2019, the following Uponor-companies in Nordic countries receive purchase invoices electronically.

Due to our new invoicing guidelines, we will from now on use electronic invoice format as the preferred alternative and gradually as the only invoicing option. It is **mandatory to always reference** the Uponor **PO number or e-mail address of Uponor contact person** on the invoice (please ask your Uponor contact person to provide this information).
